Top Pick: Kraftwerk: The Steampunk Engine

SATURDAY, OCTOBER 8, 2011

Quixotic industrial fantasy comes to Wynwood with the new exhibition, *KRAFTWERK: The Steampunk Engine* at Atelier 1022 Gallery. The exhibition will feature a new collection of photography, portraiture, and mixed media works from resident artists Ellie Perla, Susana Perla-Mendoza, and Carlos Rodriguez-Feo. A selection of 19th Century Victorian artifacts will also be on display. One of the main features of the KRAFTWERK exhibit is the collection of Steampunk-inspired portrait photographs – a collaborative project conceived and created on site with the help of all of ATELIER 1022's resident artists and partners. Although presented in two separate formats by Ellie Perla and Carlos-Rodriguez Feo, every member of the gallery contributed to the staging, costumes, lighting, makeup, backdrop art, modeling, and shooting of the witty conversation pieces. For the October 8th event, the backdrop painting will be on display to give visitors an opportunity to interact with the installation and carry on the playful 'Steampunk' dialogue. 6pm. Atelier 1022 Gallery on 2732 NW 2 Ave; Miami. For info: atelier1022.com or 786-385-6066.
